Automann adds J.W. Speaker's specialized lighting technology

Monroe Township, NJ – Automann is excited to announce the addition of J.W. Speaker's industry-leading lighting line to its product portfolio. As a premier manufacturer of lights since 1935, the J.W. Speaker Brand has built a strong reputation for delivering high-quality lighting products made in the USA.

With a legacy of innovation spanning over 90 years, J.W. Speakers' lights are trusted by some of the largest on-road commercial, construction, and agricultural fleets. Designed for maximum efficiency and reliability, these lights cover a wide range of applications, including:

- **Heated Lights** – various lights heated, making them safe for the winter.
- **LED Headlights** – universal sealed beam headlights redone with LEDs. Highly durable.
- **Work Lights** – fitted with both white and yellow beams to enhance illumination in dark and stormy conditions.
