## Automann Adds TSE Brakes, leading manufacturer of Spring Brake Actuators

Monroe Township, NJ – Automann is pleased to become a master distributor for TSE Brakes. Since 1966, TSE Brakes has been a trusted leader in the heavy-duty trucking industry, specializing in the design and manufacture of spring brakes for both drum and disc brake applications. Headquartered in Cullman, Alabama, TSE Brakes operates as a subsidiary of Marmon Holdings, a Berkshire Hathaway company. This collaboration strengthens Automann's commitment to providing customers with access to high-quality, industry-proven products while expanding the availability of TSE's trusted braking solutions across North America.

*"The addition of TSE Brake Products reflects our focus on providing customers with leading brands that meet the highest performance standards. TSE's proven track record in the commercial vehicle industry makes them an ideal fit within Automann's portfolio, and we look forward to supporting our customers with their trusted solutions."* – Jeff Sandt, Product Manager & Development

TSE offers the below families of all-steel construction spring brakes.

- **Omnibrake®REX** - Rapid exchange pushrod, with VCT (Variable Clocking Technology)
- **UltraLife+™** - Urethane coating over e-coat base and all in one recessed pressure plate
- **HOT High Output Technology™** - Double diaphragm ADB chamber alternative to piston type

These innovative, patented designs by TSE allow for years of reliable, trouble-free service in the most demanding applications.

### About Automann

Family-owned and customer-driven since 1994, Automann has become a leader for global distribution of heavy-duty truck and trailer parts. Automann offers an ever-expanding catalog of over 50,000 parts across 18 product categories. The company's product portfolio includes both Automann-branded products and a growing collection of leading brand names. With eight strategically located distribution centers across North America, Automann collaborates with an extensive distributor network to provide garages, fleets, and end-users with quality replacement parts promptly and at exceptional value.
