## Automann Adds DEL Hydraulics Pneumatic Controls and Air Shift Cylinders

Monroe Township, NJ – Automann is pleased to announce the addition of DEL Hydraulics as its newest branded partner. Founded in 1945, DEL Hydraulics is a leading manufacturer of pneumatic consoles, controls, and actuators, with a long-standing reputation for delivering high-quality products proudly made in the USA.

With a legacy of innovation spanning over 80 years, DEL Hydraulics products are trusted and used in a wide variety of heavy-duty applications across North America designed for maximum durability, safety, precision, and reliability.

Product offering highlights:

- **Consoles** – complete pneumatic consoles that come preplumbed and wired.
- **Actuators** – that work in Parker, Permco, Prince, and Sauer Danfoss applications.
- **Controls** – control valve banks with various level combinations.

All related images, parts, and interchange information are now available on Automann.com. Customers are encouraged to contact their regional sales representative or Automann Customer Service for additional information.

### About Automann

Family-owned and customer-driven since 1994, Automann has become a leader for global distribution of heavy-duty truck and trailer parts. Automann offers an ever-expanding catalog of over 50,000 parts across 18 product categories. The company's product portfolio includes both Automann-branded products and a growing collection of leading brand names. With eight strategically located distribution centers across North America, Automann collaborates with an extensive distributor network to provide garages, fleets, and end-users with quality replacement parts promptly and at exceptional value.
