Automann adds Counteract Wheel End Tools

Monroe Township, NJ – Automann is pleased to announce the addition of Counteract Wheel-End Tools & Accessories to its expanding portfolio of heavy-duty maintenance solutions.

Counteract products are engineered to ensure proper wheel-end preparation and installation on commercial trucks and trailers. Designed to enable technicians to remove corrosion, clean critical mounting surfaces, and improve wheel centering during installation, these innovative tools promote safer wheel mounting, reduce maintenance time, and support longer component life. Built for durability and ease of use, Counteract Wheel-End products provide fleets, service centers, and technicians with reliable solutions that improve maintenance efficiency and keep vehi-cles operating at peak performance.

Product Offering Highlights:

- **Wheel PRO Stud / Hub Tool**
- **Wheel PRO Hub Brush**
- **Wheel PRO Stud Brush**
- **Wheel PRO XL Hub Brush**
- **Wheel Centering Sleeves and Tool**

All related images, parts, and interchange information are now available on Automann.com. Please contact your regional sales representative or customer service for additional information.

About Automann

Family-owned and customer-driven since 1994, Automann has become a leader for global distribution of heavy-duty truck and trailer parts. Automann offers an ever-expanding catalog of over 60,000 parts across 18 product categories. The company's product portfolio includes both Automann-branded products and a growing collection of leading brand names. With eight strategically located distribution centers across North America, Automann collaborates with an extensive distributor network to provide garages, fleets, and end-users with quality replacement parts promptly and at exceptional value.
