Automann now offers Mevotech Steering and Suspension Parts

Automann is pleased to add the Mevotech brand to its offering. As a leader in the engineering and design of driveline, steering and suspension aftermarket auto parts, Mevotech is the number one control arms supplier in North America. Mevotech offers the parts professionals have trusted since 1982 for industry-leading technology, coverage and support. The company is driven by innovation. With 12 patented chassis technologies and over a thousand first-to-market exclusives, their innovations meet tough aftermarket challenges head on.

An engineering house first, Mevotech's in-house engineering team always has the Professional Technician in mind, continuously optimizing part design for durability and ease of installation.
