Automann Partners with Valley Chrome to Offer Premium Bumpers

Automann is excited to announce the addition of Valley Chrome Plating to its range of branded products. Valley Chrome, renowned for its high-quality chrome and stainless steel products, will now be part of Automann's comprehensive offering.

Valley Chrome Plating (VCP) has been a trusted manufacturer of quality truck accessories for over 50 years. Their commitment to using the finest stainless steel and adhering to high-quality standards ensures that their aftermarket accessories meet the approval of dedicated professionals in the transportation industry.

Highlights of Valley Chrome's Product Line:

Made in the United States: All VCP products are proudly made in Clovis, California.

Stringent Quality Standards: VCP adheres to the highest quality standards in the industry. Each accessory undergoes rigorous testing to meet or exceed industry benchmarks.

Finest Materials: VCP utilizes the finest materials available. This ensures that their products not only look great but also withstand the rigors of the road.
