Automann adds OE Inverter Manufacturer Tundra International

Automann is proud to announce the addition of Tundra International's industry-leading power inverters to its extensive product lineup. As a premier manufacturer of power inverters since 1995, Tundra International has built a strong reputation for delivering durable, high-performance electrical solutions for commercial fleets.

With a legacy of innovation spanning nearly 30 years, Tundra's power inverters are trusted by some of the nation's top 100 fleets as a "First Fit" solution. Designed for maximum efficiency and reliability, these inverters feature cutting-edge technology, including:

- **Reverse Polarity Protection** – The only inverter on the market with this safeguard.
- **Power Savings Technology** – Alerts drivers to battery drainage with an audible alarm.
- **Comprehensive Warranty & Support** – Tundra inverters come with a two-year warranty when installed using Tundra wiring kits.
- **Expert Installation Assistance** – Full-time technical support is available to ensure seamless installation and performance.

Automann now stocks a wide range of Tundra power inverters and accessories, including Pure Sine and Modified Sine inverters, wiring kits, and a high-quality microwave, ensuring customers have access to the most advanced solutions available.
