Automann adds Littelfuse Family: Carling Technologies, Cole Hersee & Menber's

Monroe Township, NJ – Automann is proud to announce the addition of OE Heavy-Duty electrical brand Littelfuse along with their family of brands including Cole Hersee, Carling Technologies, and Menber's Connecting Power to its branded product offering.

Since 1927, the Littelfuse Brand has built a strong reputation for delivering durable, high-performance electrical solutions for commercial fleets and heavy-duty machinery.

With a legacy of innovation spanning nearly 100 years, the Littlefuse brand portfolio of electrical products are trusted by some of the nation's top truck manufacturers and upfitters. Designed for maximum efficiency and reliability, these electrical products cover a wide range of applications, including:

- **Battery Disconnect Switches** – These switches completely disconnect the electrical current running through a vehicle or piece of equipment.
- **Control Switches** – A large variety of switches that meet the highest standards for usability and reliability.
- **Fuses & Fuse Holders** – Providing overcurrent protection and regulate current flow in practically every device, machine, and electrical system on a truck.
- **Indicator Devices** – LED and incandescent panel lights and pilot lights alert you when a piece of equipment starts, stops or requires maintenance.
- **Solenoids and Relays** – Used for remote switching of electrical currents from 20A to 60A.
